7. If we click on cgpa calculator then we calculate our cgpa by submitting our result.

The screenshot shows a mobile application interface for a CGPA Calculator. At the top, a status bar displays the time as 8:46 PM, a data speed of 2.2KB/s, and various connectivity icons. Below this is a blue header bar with a back arrow on the left and the title "CGPA Calculator" in the center. The main content area has a light gray background. At the top of this area is a blue button with a yellow border labeled "Probidhan 2016". Below this button is a grid of eight white, rounded rectangular buttons with gray borders, arranged in two columns and four rows. The buttons are labeled "First Semester", "Second Semester", "Third Semester", "Fourth Semester", "Fifth Semester", "Sixth Semester", "Seventh Semester", and "Eighth Semester". Below the grid is a dark green button with a yellow border labeled "CGPA is 0.0". At the bottom of the interface are two blue buttons with yellow borders: "Reset" on the left and "Calculate" on the right.
